GREATEST FEATURE

Ever Offered With a Circus Coming. Coming With How's Gaiety London

The Great London Show Consolidated this season presents the most legitimate highest class feature that has ever been toured with any circus. The World Famous Dublin Dapple Gray, Prize Winning, Six-Horse Team, which is owned by the great London Show.

These superb dapple grays are valued at \$25,000, and are known as the International Champions of all prominent Horse Shows.

This beautiful team of gray Percheron geldings, World's Champions, have won blue ribbons in all countries and are now making a tour of all the principal cities of the United States and Canada, with the Great London Shows. In 1907 they toured through England and Scotland for several months, appearing at the Liverpool May Day Parade, the International Horse Show at Olympia, London, England, in June; the Regent's Park, London Parade the Royal Agricultural Show at Lincoln, England, and later at the same place by special Royal command of His Majesty, King Edward VII.

The horses are all gray percheron geldings from five to eight years old. Big Dan the high wheel horse, is regarded as the Champion Draft Horse of this country, weighing 2,400 pounds. These horses have been driven during their show career by Jack Kent, one of the most expert whips in the world. Arrayed gold trimmed Harness they present a picture of rare beauty. All of the valuable beautiful gold and silver trophies, medals, ribbons, etc., are also exhibited with the Great London Show, and will be seen in Barbourville, Monday April 17.

FIRE! FIRE!! FIRE!!!

This is the alarm that is turned in occasionally, and we are never ready to respond as we should be. The old Fire Department is run down—Some of the boys are many miles away from the city, some have quit working at all, and others never were worth a darn at a fire anyway, only to make a fuss.

The Fire Department will meet in the City Hall on Friday, the 14th day of April, 1916, at 8 o'clock, p. m., at which time we will want ten new members. We want fire fighters—we want fellows who want to be worth something to the community. Let us have a good bunch to select from. Come, everyone who are interested.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol, and a pure, medicinal, N. Y.

HATES CHICKENS AND COWS TOO, TELLS REASONS

Woman's Story Will Hold Interest for Thousands of People Everywhere

"I hate the cows and chickens," said Mrs. Ettie Edwards, 310 Mill street, Lockland, O., in paraphrase of a popular song of the cabarets.

"I have lived on eggs and milk for so long that I just can't look at a hen or a cow with friendly eyes," she explained laughingly.

"When one's diet is restricted to the products of our friends of the barnyard for weeks and then months, it is like suddenly stepping into a little paradise of content to find all of the good things of former days back on your own bill of fare."

Mrs. Edwards' story will hold interest for thousands of men and women who would welcome, as she did, freedom from a diet.

"I have long been a sufferer from stomach trouble," she explained. "I paid in pain for every meal I ate. There was the daily headache that appeared soon after breakfast, and stayed for lunch and supper. My sleep, after the hours of suffering, was broken and gave me no real rest. I had no energy, was tired all the time, and life was just long days of discontent."

"In the hope of improving I began the diet of boiled milk and boiled eggs. And I was faithful. For weeks I kept this diet and I did improve some under it, but I was not being cured. I realized."

"Now my stomach is a great deal better. I can eat almost anything without ill effects. I am too thankful to depart from plainly cooked food yet, however. But my appetite is good, my sleep is sound and refreshing, and my housework is no longer an irritating, difficult task."

"The reason? I have taken Tanlac, the Master Medicine. So why should I hesitate to recommend it to anyone or everyone who suffers as I did?"

Throughout the country there are more than 1,000,000 people who will say, as does Mrs. Edwards, that there is no medicine that acts so favorably on ailments of the stomach, liver and kidneys or catarrhal affections, or is so good a tonic, appetizer and invigorant as Tanlac, which is now being introduced in Barbourville at The Herndon Drug Co's Drug store.

Tanlac may be obtained in the following nearby towns, Elys, New Hughes-Jellico Coal Co; Bradel, Trosper Coal Co; Artemus, L. T. Helton & Co; Wilton, Jellico Coal Co; Gray, C. B. Donaldson & S. E. Owens & Co; Corbin, Archers Pharmacy; Pineville, Chas. Gragg; Shamrock, Climax Coal Co; Middlesboro, Frank L. Lee; Gatliff, Gatliff Coal Co; Williamsburg, E. E. Nelson.

Cole-Faulkner.

On Wednesday morning at nine o'clock, April the twelfth, the wedding of Miss Maud Cole to Mr. William Faulkner was solemnized at the First Methodist Episcopal Church. The Rev. S. C. Williams, pastor of the M. E. Church South, officiated. As they entered the church Mrs. W. S. Hudson sang "Perfect Day" accompanied by Miss Laura Faulkner, sister of the groom.

The bride was attired in a traveling suit of Castor serge and wore a corsage bouquet of bride's roses and lillies of the valley. The wedding was very informal, only the immediate members of the family being present.

Immediately after the ceremony the bride and groom left on the 10:10 train for Louisville. They will be at home to their friends after April the 20th, at Barbourville, Ky.

Card of Thanks From the Wallsend Church.

We take this opportunity of thanking the officers and members of the Barbourville M. E. church for the generous gift of the church organ, which we have received and is now in our church. It came as a surprise, but must say, it certainly was a pleasant surprise. We are also thankful to our Pastor, Rev. S. F. Kelley, who called upon the leaders of the M. E. Church at Barbourville and made our needs and wants known, and who, without an exception of a word, got the consent of every man for the organ to come as a free donation to the Wallsend M. E. Church.

With thanks to all, that as the Father has prospered you in the work and made you able to pass this blessing on, "we" hope to some day be able to do likewise, and thereby lighten the burdens of some other needy people struggling here in this world, who like ourselves are expecting to make Heaven their home.

W. C. Black Honored

Dr. Black has just received word that he has been selected as one of the ten masons from the State at large for initiation and membership into the "Knights Red Cross of Constantine", the oldest and most exclusive order associated with Masonry in the world. To receive an invitation to join this band of a chosen few is considered a signal honor, as only "the very flower of the Masonic Order" is ever invited to receive the Knight Companion Rank.

Bro. Black is the present Master of our local lodge, Grand Lodge of the State of Kentucky, and a Past Grand High Priest of Kentucky.

A. D. Smith Retained

We are informed that A. D. Smith, who has had charge of the buildings and grounds of Union College has signed up with the Trustees for another two years.

Mr. Smith is the right man in the right place, he is always willing and ready to do anything to help the cause along, and it is never to dark nor does rain to hard for "Alery" to meet trains and see that all are well taken care of.

As to his ability to handle the machinery at the Electric Plant there is none to doubt, he is always on the job. Mrs. Smith has also agreed to take care of the dining room for another two years.

MILDREDINA HAIR REMEDY

Grows Hair and We Can Prove It by Hundreds of Testimonials

It never fails to produce the desired results. It enlivens and invigorates the hair glances and tissues of the scalp, resulting in a continuous and increasing growth of the hair. Letters of praise are continually coming in from nearly all parts of the country stating that Mildredina Hair Remedy has renewed the growth of hair in cases that were considered absolutely hopeless. A lady from Chicago writes: "After a short trial my hair stopped falling and I now have a lovely head of hair, very heavy and over one and a half yards long."

A Long, Thick Growth of Hair.

"After using two bottles of Mildredina Hair Remedy, I have a long, thick growth of hair and free from itching," writes Mrs. T. A. Falardeau, Jefferson City, Mo.

Seventy-six out of eighty-seven cases of typhoid fever which occurred in a recent outbreak have been traced by the United States Public Health Service to infected milk. Had the first cases been reported to a trained health officer the outbreak could have been stamped out promptly. When will we learn that disease prevention is sure and cheap.

Rising Costs confront everybody!

This is an era of ascending costs, a period of price advancement without parallel. No statistical chart is needed to prove this—the effect of higher prices is felt by everyone, and is of real concern to all. It is a time for thoroughly weighing values, a time for taking advantage of every opportunity that offers a genuine saving.

Certain-teed Roofing lowers the cost of building

CERTAIN-TEED offers a substantial saving in roof construction, at this or any other time. It costs less to buy, less to lay, less to maintain and less per year of life. Because of tremendous production (the General makes one third of all the roll roofing made in America), and because of economies effected by enormous resources, modern machinery and favorably located mills, the General is able to make the best roofing at the lowest cost.

CERTAIN-TEED Roofing is the General's own product—from the raw materials to the finished rolls, it is made in the General's huge mills. It is made of the best quality roofing felt, thoroughly saturated with the General's own blend of soft asphalt and coated with an impervious covering of harder asphalt. This keeps the inner saturation soft, and prevents the drying out process so destructive to ordinary roofing. That's why CERTAIN-TEED outlasts other roofing. It is guaranteed for 5, 10 or 15 years, according to ply. Experience proves that it lasts longer.

CERTAIN-TEED is sold by responsible dealers everywhere at reasonable prices. Investigate it before you decide on any type of roof.

Save rags—they're worth big money now!

Prices paid for rags eight times as high as a year ago.

Rags! Rags!—got any rags? You're lucky if you have a lot of old rags around the place, because they're bringing you big money now—eight times as much as you used to get for them. Last year rags sold around 1c a pound—now they are bringing 8c a pound, and manufacturers are glad to get them at that price.

Rags form the basis of many well known products, such as writing paper, roofing etc. The roofing mills alone used a quarter of a million tons of rags last year. At present prices, this quantity of rags cost \$12,500,000 more than a year ago—an increase in price of \$40,000 a day for roofing.

Boys and girls!—This is your chance to make some money. Get busy and hunt up all the rags you can find. Sell them! They'll bring you good money. If you are not offered their real value, write our nearest office.
